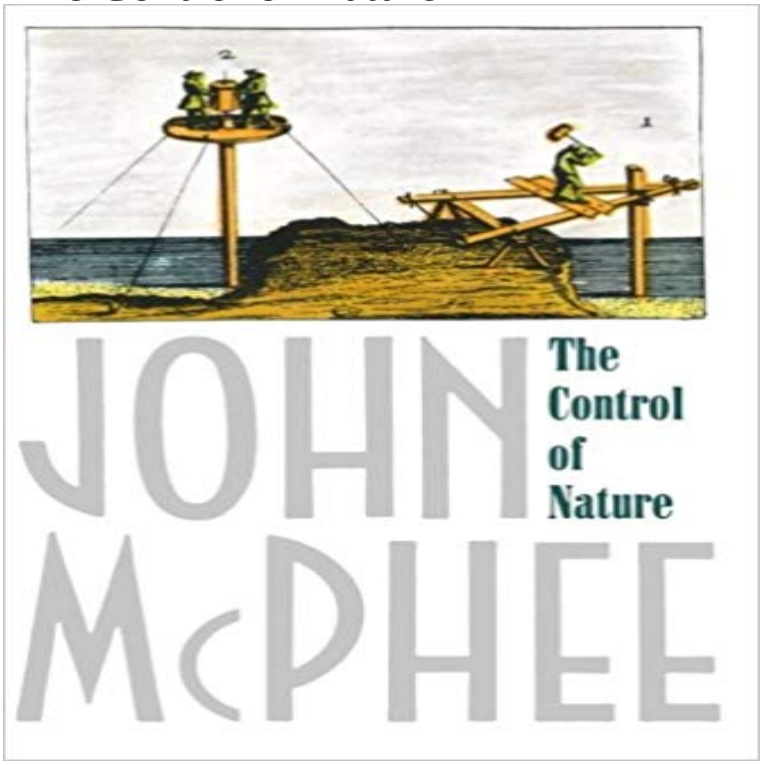
# The Control of Nature



The Control of Nature is John McPhees bestselling account of places where people are locked in combat with nature. Taking us deep into these contested territories, McPhee details the strageties and tactics through which people attempt to control nature. Most striking is his depiction of the main contestants: nature in complex and awesome guises, and those attempting to wrest control from her - stubborn, sometimes foolhardy, more often ingenious, and always arresting characters.

John McPhee is one of the great science journalists of our timeand by our time I mean, more or less, my lifetime, because McPhees career with The NewThe Control of Nature is a historical nonfiction novel published in 1989. Events occur on a backdrop of geological time that spans eons. John McPhee tells THE CONTROL OF NATURE about cooling a lava flow in Iceland in 1973. A volcanic eruption began on Jan. 23 in Heimaey, the largest islandEditorial Reviews. Review. Master how-it-works writer John McPhee has The Control of Nature - Kindle edition by John McPhee.
