

This riveting autobiographical account takes the reader on a journey around the globe as Little strikes out on her own at an early age and discovers a world that not only embraces her but transforms her existence. Little does well in telling her story and readers will likely be impressed and moved by the way the author “cut the strings” that were holding her back. Early into the book, the reader is rooting for Little to break away from these people who showed little concern for her welfare and failed to recognize her gifts and strengths.
