

Photography Tips Box Set: 20 Amazing Ways To Make Your Own Photography Business And Great DSLR Photography Tips For Mastering Wedding Photography (Photography Business, DSLR, Wedding Photography)

BOOK #1: Photography Tips: Master the Art of Wedding Photography With Best Wedding Photography Tips for Shooting a Stunning Wedding Ceremony Photos Here comes the bride!! Oh, and the groom and, of course, the photographer. Maybe you agreed to take photos at your best friend's wedding for free because she knows you are a really good photographer. Maybe you have a small photography business and you want to branch out into wedding photography. Either way, this book is for you. Here is what you will learn after reading this book: What is in a wedding photography check list and why you should use one Working in natural light (and its hazards) Working in low light (and its hazards) Why it is important that you have a contract in writing How to take professional formal and candid shots How to take photos of the bride on her arrival How to take photos of the happy couple How to take photos of their friends and family How to take the best pictures of the reception Questions you should ask yourself to know exactly how to take a photo What you should know about flash photography and weddings

BOOK #2: DSLR Photography: Simple Settings and Techniques for Mastering Your New DSLR It is quite interesting to unpack a DSLR and begin clicking pictures. Although it is the most awaited moment, settings and the presence of the buttons irk you in the beginning. With no prior knowledge to DSLR, it is challenging to set the camera in the right setting. Interestingly, the only thing that you can carry out at this moment is to set the camera in the `AUTO` mode and begin shooting. It is perfectly fine for a few users. However, it is not sufficient if you belong to the creative control creature that inspired you to buy a DSLR. The eBook covers the essential topics that form as the basics of DSLR photography: Shooting modes Explanation to ISO Understanding

exposure triangle Metering Focussing Picture formats White balance

BOOK #3: Photography business: 20 Amazing Ways to Earn Money Making Beautiful Photographs

Do you love taking photographs and dream about making a living doing what you love? If you have people clamouring for your photos you've taken, then you can turn your dream into a reality. Opportunities to earn money as a photographer have never been greater. Finally, there are not only new niches for you to explore as a photographer, but additional online outlets for you to find clients, show your portfolio, and building your client list. This comprehensive eBook presents the top 20 photography niches you should target right now whether you are a hobbyist and want to turn your passion into a paycheck or an experienced photographer looking to add some additional niches to your list of photographic services. People will tell you that something you it's not possible to turn your make a living out of taking beautiful photographs, but that is only true if you don't approach it as a business. Your goal is to take beautiful photographs, touch lives and be fairly compensated for your services. This eBook will:

- 20 niches that photographers are profiting from right now,
- How to find clients in these niches,
- How to keep clients happy during the photo sessions,
- How to deliver the photos that will keep them coming back for more...
- How to overcome challenges inherent in specific niches.
