It explains the origin of the word ‘Bushcraft’ very well. Why Bushcraft skills are necessary for the survival of a person in the wilderness? All these questions are answered in this book. This book will throw light on the basic requirements of a Bushcrafter while he goes on adventure in the woods. This piece of writing covers the topic of different types of traps. How to build a trap? There are a few examples of best traps mentioned in this book. BOOK #2: Bushcraft: 27 Tips On How To Survive In The Wilderness With Just A Knife We see in movies all the time a good looking hero that is stuck out in the woods with nothing but a knife. They are able to make shelter, find food, start fires, and even find water, all with their knife. It seems as though everything that they could ever need to survive indefinitely is the clothing on their back, and the knife that is in their pocket. We all wish that we could also have such skills with small things that the same could be said for us. The truth of the matter is that you can also survive in the wilderness with very few things. You don’t need to have backpacks filled with supplies, or even a small bag of supplies. You really can survive in the wilderness for a very long time with nothing but a knife on you, and this book is going to show you how. Whether it be making shelter, finding food, making a fire, or anything else that you would need, it is covered in this book.
