

Winner of American Airlines and The Hawaii Visitors and Conventions Bureau Travel Journalism Award for Best Hawaii Guidebook, Driving & Discovering Oahu's stunning photography is a testament to Eastman Kodak's rare sponsorship of such a project. Wishing to expand beyond the boundaries set by others in this field, Richard Sullivan designed a guidebook placing Oahu's spectacular scenics at the core, both to illustrate the island's singular beauty in a way that words simply cannot, and as a prequel for those who find themselves contemplating Oahu for its potential as the most beautiful adventure of their lives. World-renowned Waikiki and Honolulu are merely the welcoming arms on the exquisite entity that is all of Oahu Island, which despite its smaller size, boasts more idyllic sandy beaches than any other in the Hawaiian archipelago. Driving & Discovering Oahu reveals a necklace of lovely deserted islands offshore of Oahu's Windward side which await lovers and modern day Captain Jack Sparrows, their secluded postcard-perfect beaches usually deserted on weekdays. Hidden waterfalls and hiking trails that wind through dazzling vistas are pictured within the book's pages with pin-point locations provided via clear maps and written directions. Honolulu's dazzling array of internationally celebrated restaurants, hotels, spas and nightspots wait enticingly at day's end to rejuvenate the weary from their unforgettable adventures. Driving & Discovering Oahu contains no endless, quickly outdated lists of restaurant and hotel ratings, since websites like Travelocity.com provide up-to-the-minute information on these that no printed guidebook can compete with. What Driving & Discovering Oahu uniquely delivers is something no other Hawaii guidebook does: splendid inspiration and monumental adventure, utilizing text and photography entwined from the same mind, with flawless directions leading visitors directly to it all.
