

Ford McKinney leads a charmed life: he's a young doctor possessing good looks, good breeding, and money. He comes from an old Savannah family where his parents, attentive to his future, focus their energies on finding their son--their golden boy--a girl to marry. But how charmed is this life when Ford's own heart suspects that he is not meant to spend his life with a woman? His suspicions are confirmed when he meets Dan Crell. Dan is a quiet man with a great voice. Behind the tempered facade of the shy hospital administrator is a singer who can transform a room with his soaring voice, leaving his listeners in awe and reverence. Ford catches one such Christmas concert and his life is never quite the same; he is touched in a place he keeps hidden, forbidden. When Ford and Dan begin to explore the limits of their relationship, Dan's own secrets are exposed--and his mysterious and painful childhood returns to haunt him. In *Comfort and Joy* Jim Grimsley finds a marriage between the stark and stunning pain of his prize-winning *Winter Birds* and the passion of critically acclaimed *Dream Boy*. In this, his fourth novel, he considers pressing questions. How does a man reconcile the child he was raised to be with the man that he truly is? What happens when an adult has to choose between his parents and a lover?
