

Cyrano de Bergerac (French Edition)

Cyrano de Bergerac is a play written in 1897 by Edmond Rostand. Although there was a real Cyrano de Bergerac, the play bears very scant resemblance to his life. The entire play is written in verse, in rhyming couplets of 12 syllables per line, very close to the Alexandrine format, but the verses sometimes lack a caesura. It is also meticulously researched, down to the names of the members of the Academie francaise and the dames precieuses glimpsed before the performance in the first scene. The play has been translated and performed many times, and is responsible for introducing the word panache into the English language. The two most famous English translations are those by Brian Hooker and Anthony Burgess.-Excerpted from Wikipedia
