

The Folded Book

Discover the craft of transforming used books into new folded origami-like art treasures!! If you have ever wondered how book pages are folded into words, animal designs and patterns, then this e-book will take you on that journey to find out and also provide links to tutorials on how to do it yourself. While not an instruction manual, per se, The Folded Book will save you much time and effort in researching this interesting subject. Let my research save hours of your time. If you have seen folded books online you know they are fascinating to view. Many book artists have learned to create awesome art, words, symbols and designs using just the pages of the book. While this e-book, The Folded Book, will not give you direct instructions on how to fold book art, it will offers visual examples of numerous online folded book artists and was designed to provide you with inspiration, websites, links and online tutorials written by a number of folded book artists. Website links to the folded book artists who provide written instructions on how to fold books are provided. This e-book will allow you to explore this niche market of folding book pages into art to display like: words, initials, logos, geometric patterns, numbers and more. As you follow the numerous links provided, you will be able to take an in depth tour of your own through webpages that I have journeyed through. In so doing, you will not only discover what this art is, but if you find you have a desire to create examples of what you see, you will be able to follow the links to written and video tutorials that can instruct you on how to make your own. To make your own book art you will find you only need a book, ruler, pencil, possibly a pattern to follow and the rest is left up to your imagination. Patterns can be purchased from links provided in this book. I have spent dozen of hours viewing the online artists and their work, to not only save you

time in uncovering this art, but also to make your search more enjoyable. This art form is not classic origami, artists journal pages, sketchbooks or paper folding. Once you get started looking into this paper-related niche you will find your hands itching to create some yourself. This mini directory will help you to discover how to do just that.
