

The Avengers #274 - Divided...We Fall

Avengers: Under Siege: Part 4 of 8 - Divided We Fall! Baron Zemo II stands triumphant in the hallowed halls of Avengers Mansion! And now its time to divide and conquer the Avengers themselves! Unfortunately, the Black Knight is the first avenger to return to the mansion and fall victim to the Masters of Evil. Next Captain Marvel goes down at the hands of Blackout! Meanwhile in New Jersey, the star-spangled avenger and the Wasp realize that something is amiss inside their Fifth Avenue headquarters. After locating the Prince of Power, the three avengers storm the mansion! But Cap is knocked out and the Wasp is repulsed by the darkforce! So that leaves Hercules to stand alone against the combined might of Goliath, Mister Hyde, Tiger Shark, Bulldozer, Piledriver, Thunderball and the Wrecker! However in his twelve labors, the Lion of Olympus slew the 9-headed Hydra and captured the mighty Cerebus! Can Hercules all by himself stem the tide against the Masters of Evil? Or will the Avengers downward spiral of defeat continue? Avengers Lineup: Black Knight, Captain America, Captain Marvel, Hercules, and the Wasp.
