

Sleeping Embers of an Ordinary Mind

Named by the Guardian as one of the Best Science Fiction and Fantasy Books of 2015 History is storytelling. But some stories remain untold. In fifteenth-century Italy, Paolo Uccello recognizes the artistic talent of his young daughter, Antonia, and teaches her how to create a masterpiece. The girl composes a painting of her mother and inadvertently sparks an enduring mystery. In the present day, a copyist painter receives a commission from a wealthy Chinese businessman to duplicate a Paolo Uccello painting. Together, the painter and his teenage daughter visit China, and in doing so they begin their escape from a tragic family past. In the twenty-second century, a painting is discovered that's rumored to be the work of Paolo Uccello's daughter. This reawakens an art historians' dream of elevating Antonia Uccello, an artist ignored by history because of her gender. Stories untold. Secrets uncovered. But maybe some mysteries should remain shrouded.

Editorial Reviews. Review. Anne Charnock's *Sleeping Embers of an Ordinary Mind* is an expert braiding together of past, present, and future that puts a time to call your book club. Why? *Sleeping Embers of an Ordinary Mind* is an ambitious, profound and multilayered novel that asks thoughtful questions about I am a school girl, possessed of the sleeping embers of an ordinary mind. The book begins with this quote and it sets the tone of the novel as an exploration of When the completed audiobook for *Sleeping Embers of an Ordinary Mind* (in MP3- CD and compact CD formats) arrived in the post, I ripped off In her latest book, *The Sleeping Embers of an Ordinary Mind*, Anne Charnock attempts to explore the hearts and minds of three women. *Sleeping Embers of an Ordinary Mind*.
