

Love After Midnight

Sarin might be a Prince and a vampire, but he can get bored with his life just as much as the next undead guy and being trapped in his unbergground Lair isnt helping much. To make matters worse, his father, the King, has sprung it on him that he is now to find a bride and settle down. Even at 299 years old, what guy wants that; especially since hes never really had the chance to live? Armed with the help of his wise-cracking best friend, the king has granted him one week on the surface to fulfill his every want, but finds so much more. Atiane is the Princess of the Rowens, a faerie people, but she is still a woman and therefore expendable to the highest bidder. Her father, a ruthless king, has become cold and severe, even to his own daughter. She must escape her kingdom and try to find a real life among the humans or suffer a life little better than indentured servitude. She must stay one step ahead of the game, but is grateful for its unexpected players.
