

High Tide of Intrigue is both a racy thriller and a foray into the world of drugs, corruption, and the triumph of good sense and integrity over weakness and self-interest. The setting, Trinidad, and the theme of drugs draw attention to the position of the region as a staging post in the international drugs trade. Police officer Maureen Mason-Adams is unswerving in her commitment to the fight against drugs. When she discovers that fellow officers, including her husband, are in league with Trinidadian and Grenadian drug runners, the clean-up campaign becomes a personal crusade. At risk to her life, Maureen embarks on an island-hopping investigation of a multimillion-dollar trade conducted by some of the Caribbeans most dangerous men.
