

Autobiography of a Goat

When Eli Rubinstein marries a German woman (nicknamed Beast) who may or may not be homosexual and may or may not be Hitler youth, its not surprising that things go horribly wrong. In an effort to get rid of this nightmarish female, Eli finds himself fighting for survival in the slums of London, handing out payoffs to crooked cops in Chicago, and finally ending up in the gay-friendly climes of San Francisco during the waning days of the Haight Ashbury drug and free love culture. Though this dark, perverse, funny, erotic, and somewhat insane story is ultimately about Elis battle for freedom, disparate tales about Crowley Magick, the professional world of chess and backgammon, a vampire attack in San Franciscos golden gate park, UFOs in the Oregon woods, and the wise lessons of a Haight Ashbury holy man paint a picture of a colorful time, not so long ago, that no longer exists.
