

Jordan 1:400,000 Travel Map, waterproof, GPS-compatible REISE This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. Coverage extends northwards to Damascus and part of the West Bank is included with Jerusalem and Ramallah. Border crossings are clearly marked. The countrys topography is presented by altitude colouring with contours, spot heights, mountain passes, and names of mountain ranges. Salt pans and seasonal rivers and lakes are also marked. Internal administrative boundaries are shown with names of the provinces. Names of main cities are also given in Arabic; names of smaller towns or villages and tourist or geographical information are in Roman alphabet only. Road network includes unsurfaced local roads and tracks, and indicates driving distances on main and secondary roads. Railways and local airfields are also shown. Symbols highlight various places of interest, including UNESCO world heritage sites, mosques and churches, selected hotels, national parks and nature reserves, hot springs, viewpoints, beaches, etc. The map has a latitude and longitude grid at intervals of 15 and an extensive index of localities with a separate list of places of interest. Multilingual legend includes English. High quality German cartography.
