Unlock Your Potential With Flexible Drilling Study plans change, but that doesn't mean that your materials have to. Quality LSAT books aren't cheap, and they shouldn't be rendered useless when you switch gears. Whether you're drilling individual game types or taking timed sections, this book is chock full of actual test content to help you reach your goals. In this volume, Cambridge LSAT groups the forty Logic Games from PrepTests 61-70 by type. Our groupings were designed with simplicity in mind, so that you can focus on mastering the various game types without worrying about complex taxonomy. When you're ready to begin timed sections, or if you want to pepper your targeted drilling with full sections, you can easily shift focus and move into part two of the book. There you will find the same forty games presented as they were on the administered exams.
