

Fresh Men 2 collects the best new writing by emerging gay authors from around the nation. With equal parts sensitivity and irreverence, the anthology speaks to the broad range of gay experiences. From stories of coming out, coming of age, self-representation and family to sex and love in the time of AIDS, from living in the closet to loving in a post-gay world, this book highlights the complexities of gay life. Fresh Men 2 is a groundbreaking collection that also embodies a wide spectrum of literary tastes, from works rich in experimental, transgressive elements to more conventional, traditionally crafted stories.
