

We've all heard of The Midas Touch, who better to turn that tale on its head with a heavy dose of Sci-Fi than Adventure Times Ryan North? Fatima and her space crew have decided to return to Earth—a planet completely sectioned off, abandoned, and covered in gold—to find out exactly what happened to this once thriving planet and see if they can use that knowledge against the evil empire that's tracking them down. As luck would have it, they just landed the most powerful weapon in the universe: some ancient dead guys body. We have been having so much fun with writer Ryan North (Dinosaur Comics, To Be Or Not To Be: That Is The Adventure) and artist Braden Lamb and Shelli Paroline on ADVENTURE TIME that we couldn't resist the opportunity to publish a new original idea of his. And it is original.
