

An Officers Sin

Jayden Washington grew up in the rough, drug-infested streets of La Vera. After finishing school Jayden chose to do something that made him an outcast: he reluctantly became a police officer, patrolling his old neighborhood. From the outside looking in, everything seems to be perfect for Jayden. Taking a closer look reveals something different. Unlike many of the other officers who took the oath to serve and protect, Jayden secretly despises what he does. This ultimately will lead him astray, along with the help of his rogue partner Robert Schaefer. One small error in his judgement as a person and police officer brings his life to a standstill. What he thought would provide a better way of life for his girlfriend and young daughter actually puts them in danger. You, the reader, are given a front row seat as Jayden's private and work life collide. You will see and feel every emotion Jayden endures as he tries to get his life back without getting himself caught up in an ongoing investigation of corrupt officers.

In a city roiling with sin, keeping the peace was deadly business. So just what did happen on the night of July 24, 1916, in a shootout that resulted in the deaths of three police officers? During my Q&A last week with Pastor Dale Lowrimore, he told me it's not a sin for police officers to kill people as long as they acted to preserve life.
