

Scotts Guide to Iceland (Scotts Travel Guides Book 1)

This is Scotts guide to Iceland, a look at how to spend a fun long week-end in that surprising destination. The Iceland Guide includes hikes, natural wonders, the Blue Lagoon and a look at Reykjavik. Scotts Guides are not meant to be an exhaustive look at a destination; there are plenty of detailed guides on the Internet and in books to cover most locations. Scotts Guides are a look at highlights on selected places based on the authors own travels. They explain what to do on a reasonable American budget for adults, albeit adults who might get bored easily and not last much past an hour in a museum on any given day.

Book In Advance. Tours from Back to Iceland travel tend to sell out - travelers recommend have booked a tour we can guarantee that there will be a professional driver/guide. Excellent96% Very good3% Average1% Poor0% Terrible0% .. Hi, Scott. What would you like to know about this attraction?
