A new kind of wedding guide--for the millions of women who marry (or remarry) at mid-life. She may be beyond swooning and blushing--but even the most mature, sophisticated bride can find herself rattled by the prospect of getting married. And while grownup brides often bring more wisdom to the wedding, they also face unique complications, as they deal with issues far more profound than color schemes and corsages. This savvy, sensible guide helps the process along, with in-the-know discussions of... Habits and habits: merging grownup lives with minimum stress and maximum happiness. We've got enough towels: sensible gift and shower strategies. Other loves: dealing with exes, in-laws, steps...and even pets. Promises and prenups: love may be blind, but it doesn't have to be dumb. Married...to the job: establishing a marriage when you've already established a career. The tough stuff: name changes, big white dresses, and other slightly uncomfortable issues. And much more...
