

Warmans Sterling Silver Flatware: Value & Identification Guide

Sterling silver flatware continues to be highly collectible, especially as family collections are passed down to each new generation. In this new standard to sterling silver, noted antique expert Mark Moran lists thousands of sets of sterling, complete with identifying photos and their current prices. He covers pieces from all the major American manufacturers, as well as selected English and European manufacturers in this essential guide to prominent silversmiths, manufacturers and patterns. He also provides an overview of what to look for, condition reports, history and descriptions.
